

Balthasar Reuter

Applied Mathematics I, Friedrich-Alexander-University Erlangen-Nürnberg

Example poster based on the FAU Corporate Design Manual

Optimized for scientific applications

Put your content here...

...and here...

...or here?!

Fill everything the way you are used to – the same way as with \LaTeX and beamer. This means, all the *usual* commands and environments are available!

Blocks are available as well...

... with body text and headlines ...

You can use columns in the same way as in presentations.
